

**KITION ASTRONOMY ACADEMY** is an interesting and systematic study of astronomy for schoolchildren based on our own rich teaching experience and the needs of modern astronomy. This Academy is a combination of theory and practice. It takes advantage of the unique position of Cyprus with its clear skies and the superb location of KITION PLANETARIUM & OBSERVATORY. Our premises are easily accessible from any part of Cyprus. For more convenience older students have the additional opportunity to study online from anywhere in the world. The curriculum is designed by enthusiastic scientists who do research, make discoveries and have scientific publications.

**KITION ASTRONOMY ACADEMY is available for three age groups.**  
**AMAZING ASTRONOMY (Primary School)**  
**THE WORLDS OF ASTRONOMY (Gymnasium)**  
**ASTRONOMY PRINCIPLES (Lyceum)**

Registrations for the new academic year **October 2024 to June 2025** have already started. Students who successfully complete each year of study receive a diploma upon completion of the curriculum. It is worth to mention that Gymnasium and Lyceum students who attended our previous years' courses have achieved distinctions in the International Olympiad on Astronomy and Astrophysics, including the first Gold and Bronze medals for Cyprus. The first achievements of Cyprus in international level. Our students participate in the Pancyprian Astronomy Olympiads and in international conferences.
